

## Triple-Entry Reader's Response Journal

**Directions:** Select a book and divide it into 5 sections or chapters, ensuring you choose sections from the beginning, middle and end. After reading each section, make an entry in your journal below. In the first column, provide an objective summary of the section. Keep it concise, focusing on key plot and character developments. In the second column, quote or paraphrase something that stood out to you in that section. Finally, in the third column, explain why you found the selected quote interesting or significant. You must keep your journals within a 2-3 page limit. Use the provided chart to organise your entries, adding rows as necessary (**5 rows minimum**).

*N.B: AI writing and other forms of plagiarism will be punished according to the USH disciplinary policy.*
